USJF National Teachers/Instructors Course

Continuing education is a process by which all professional organizations maintain excellence in the field. Likewise the United States Judo Federation, with its long standing tradition of technical excellence, is committed to serving its members with the latest information and procedures adopted from our international judo community.

In a continuing effort to facilitate the process of USJF Teachers Institute - Instructors Certification, and those wishing to maintain their USJF Teachers/Instructors Certification through re-certification, you may do so by participating in this clinic.

The teachers/instructors certification course will be informative and useful in your instruction. The chapters begin with a related story, then information bite size bits of information. We will cover Judo History, Judo Philosophy, Ethics in Judo, Judo Biomechanics, Teaching Tools, Systematized Teaching systems, and Recognizing Tachi-waza and Ne-waza Techniques.

We know the importance of judo information in an ever changing environment and applaud your efforts to accommodate our future judoka.

In demonstrating the commitment of the USJF Teachers Institute Committee, the USJF National Teachers Institute will pay \$75 of the fee for each member of a Yudanshakai.

The course is LIMITED to 20 people. Upon registration, the Teachers/Instructors manual will be mailed directly to you. Please read and be prepared to discuss each chapter in length. The course does involve an online examination.

Please visit our website: www.usjfteachers.com for more information.
